A. W. STEWART, familiarly called "Gus" Stewart, has accepted the call to run for the office of Sheriff of Rockcastle county. In presenting him, we can truly say, there is no more manly man, no more honorable and upright gentleman in our county than is he. He Cumberland began Tuesday. is not a politician or a seeker for office, and has agreed to run only after much solicitation and many earnest requests made by the people generally regardless of their party affiliations. Heretofore he has often been requested to run for office, but, loving the quietude and pleasures of home better than the glare of public life, he has steadfastly refused all overtures until now when the pressure on him to run was so generous and general, so carnest and spontaneous that at last he has said to the people "thy will be done." Is he fully worthy of your confidence? In the little grave yard where rests the mortal dust of Judge John M. Fish is written on the marble shaft above his tomb; "Go ask his neighbors." So we say to the people of Rockcastle, if they wish to know whom we offer them, we say, "Go ask his neighbors." By them he is known and by them he is beloved. He turns not to them the cold hand or the icy glair, but he is ever first with the open hand of charity, administering to the wants of the unfortunate and the needy, without \$300,000 to tide the city of Louisostentation or display. He is a man of fine business ability, honest, sober, and industrious. Should he be elected he will not be the sheriff of any clique or clan, party or faction, but of the whole people. Elect him and you will never regret bail. the day you made him Sheriff.

PRESIDENT ROOSEVELT has inaugurated his now Southern policy of which there has been so much talk, and which most every one thought to be only talk with "Teddy," when he appointed Gov. Thomas G.
